DIGITAL IDENTITY FOR DIGITAL SERVICES

Proud to be part of the team developing a National Digital Identity Solution

Information and Communication Technology Agency of Sri Lanka (ICTA) is the apex government entity spearheading the national digital transformation journey. As the agency for driving the national digital agenda, ICTA is entrusted to action the digital strategy of the vision for vistas of prosperity and splendor.

ICTA plays an integral role in building a digitally inclusive nation by delivering efficient and citizen-centric digital government solutions, facilitating a strong digital economy with technology diffusion and innovation to build a prosperous country.

To create a digitally enabled society in the digital economy, ICTA intends to establish a Unique Digital Identity framework for Sri Lanka, in collaboration with the Department of Registration of Persons. This framework will enable Citizens, Government and Business to seamlessly interact in digital space to reap the dividends of digital inclusion.

Competent and passionate technology professionals are invited to be part of the team that will create the foundation to launch a digitally empowered society in Sri Lanka.
