

Asiri Health is the leading healthcare provider in Sri Lanka with five hospitals delivering the highest quality of clinical standards. Asiri Hospitals own a track record of being an innovative leader and a hi-tech provider of a wide range of medical specialties. Presently, our hospitals are situated in strategic locations in Colombo and in the South as leading healthcare institutions in the country.

As we intend to further enhance the clinical reputation of the organization and to strengthen our current position as the leader in the private healthcare industry, we seek to obtain the services of professionals in Infectious Diseases for Asiri Hospital Holdings PLC on a full-time basis. If you possess the required qualifications and attributes, you are hereby invited to apply for the following position.

CONSULTANT - INFECTIOUS DISEASES

The Consultant is expected to provide competent inpatient and outpatient care in Clinical Infectious Diseases, be proficient in infectious diseases pertaining to transplant medicine and critical care and provide lead advice on Infection Prevention and Control (IPC).

Professional Standards

- Certified by the board of PGIM or an equivalent qualification.
- 5 years of post-specialization experience.
- Preferably below 60 years of age.

Please send your updated CV within 10 days of this advertisement by e-mail or by post, indicating the post applied for as the subject line of the e-mail or on the top left hand corner of the envelope, to:

Group Chief Executive Officer

Asiri Hospital Holdings PLC

No. 181, Kirula Road, Colombo 05.
