

# Sampath Bank

WE PRESENT YOUR FUTURE

## Redirect Your Expertise Towards Our Success

For over 30 years, we have been redefining trends in commercial and retail banking, thereby growing into one of the most forward-thinking banks in the country. Today, we take great pride in offering progressive, state-of-the-art banking solutions, while zealously maintaining Sri Lankan values. We believe our innovative spirit and our dynamic Sampath Team are the driving forces behind our success and we are in search of a dynamic individual who fulfills the criteria to perform as a Technical Officer

## TECHNICAL OFFICER (ENGINEERING)

### Requirements:

- A minimum of Five (05) years of experience as a Technical Officer
- A Diploma in Electrical / Mechanical Engineering from a recognized Technical College / University
- Age preferably below 35 years

### Key Responsibilities:

- Ensure smooth operations and maintenance of the central Air Conditioning Plant and Building Management System
- Maintain all electrical systems, escalators / elevators and extra low voltage systems
- Ensure smooth functioning of central water supply and drainage system, fire protection and detection systems
- Coordinate with outside service providers

### Other Competencies/Requirements:

- Ability to work under pressure
- Strong problem solving and people skills
- Ability to work extended hours and during weekends, when necessary
- Required to be stationed in Colombo

An attractive remuneration package coupled with a modern and conducive work environment awaits the right candidate.

Please apply online stating qualifications and experience on or before **23<sup>rd</sup> August 2021**

***Selection will be strictly on merit. Any form of canvassing will be a definite disqualification. Only shortlisted candidates will be contacted.***
