SRI LANKA
2022

We believe in developing careers through varied exposures. It is in our aim to provide growth opportunities for the right talent. In this quest you now have the opportunity to benefit from internal opportunities to grow and contribute.

Risk Engineer (Senior Executive Grade)

Key Responsibilities:

- Visit the site of the loss, conduct claim inspections, assess fair and accurate claim adjustments, and provide comprehensive claim reports.
- Investigate into the incidents by examining the consistency, claimed values, etc.
- Execute desk adjustments in accordance with the information provided by the Insured.
- Visiting sites, assessing operational risk management practices for clients, conducting detailed site surveys, and providing underwriters with risk survey reports
- Providing advice and recommending risk reduction measures to clients

Job Pre-Requisites:

- Minimum 02 years of experience in the Engineering Industry/Insurance Industry
- Bachelor's Degree in Engineering (Mechanical, Electrical, Electronics, Civil, IT, any other field with the required background)
Or
Similar Qualification in Engineering such as Diploma, Higher National Diploma (HND), National Diploma in Technology (NDT),
Or
Completed Technical Training Course at a recognized institution
- Fair knowledge of the Insurance industry will be an added advantage

If you believe you are the right person we are looking for, forward your complete resume together with contact numbers and the names of two non-related referees to reach us within 10 days of this advertisement by email to shashika.jeewanthi@hnbgeneral.com.
