Product Manager

Your Role:

As a Product Manager, you will play a crucial role in shaping and executing our product strategy. You will be responsible for managing the entire product lifecycle, from conception to launch and beyond, ensuring alignment with business goals and market demands. Collaborating closely with cross-functional teams, you will drive innovation, enhance existing products, and identify opportunities for growth and differentiation in the competitive insurance landscape.

Your Key Responsibilities:

- Define product requirements, specifications, and user stories, working closely with distribution, technical, actuarial and marketing teams to deliver high-quality solutions
- Conduct competitive analysis, Customer Insight Gathering and market research to identify emerging trends, customer needs, and growth opportunities
- Collaborate with stakeholders to gather requirements, solicit feedback, and ensure alignment across departments
- Monitor product performance, analyze metrics, and iterate based on insights to optimize user experience and drive business outcomes
- Act as a subject matter expert, providing guidance and support to internal teams and external partners on product-related matters

Your Profile

- A professional qualification in insurance.
- Proven track record of successfully managing and launching products in the life insurance industry
- Strong analytical skills with the ability to translate data into actionable insights and strategic recommendations
- Excellent communication and interpersonal skills, with the ability to influence stakeholders and drive consensus
- Detail-oriented mindset with a focus on delivering high-quality products
- Excellent team player with strong problem solving skills
