

# ARE YOU A GAME CHANGER?

## CAREERS WITH TIMEX

### MANAGEMENT TRAINEE - MECHANICAL ENGINEERING

#### The Job:

- We are seeking a highly motivated and talented individual to join our team as a Management Trainee in Mechanical Engineering.
- This position offers a unique opportunity for recent graduates to gain hands-on experience in the dynamic field of apparel manufacturing.
- As a Management Trainee, you will receive comprehensive training and mentorship while working closely with our engineering team to develop innovative solutions and optimize our manufacturing processes.

#### Responsibilities:

- Collaborate with cross-functional teams to analyze and improve manufacturing processes, with a focus on efficiency and quality.
- Assist in the design and implementation of new equipment and machinery to enhance production capabilities.
- Conduct research and data analysis to identify opportunities for cost reduction and process optimization.
- Participate in project management activities, including planning, scheduling, and coordinating resources to meet project objectives.
- Support continuous improvement initiatives through the implementation of best practices and lean manufacturing principles.
- Prepare reports and presentations to communicate findings and recommendations to stakeholders.

#### Qualifications:

- Bachelor's degree in Mechanical Engineering or a related field.
- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Ability to work effectively in a fast-paced, team-oriented environment.
- Proficiency in CAD software and other engineering tools is a plus.
